

**TNOYS' Mission:**  
Strengthening services and support for Texas youth and families to help them overcome challenges and achieve healthy development

We advance this mission through a three-pronged approach to systems change:

**Policy**

We advocate for public policies and priorities to strengthen youth and families.

**Practice**

Our training and program development services ensure that those in the field and on the front lines are fully equipped to provide the highest quality services to meet the complex needs of youth and families they serve.

**Partnership**

We work in partnership with young people to demonstrate what youth are capable of when they have opportunities to use their voices and when people invest in them.

We provide an array of services:

**Membership Network**

**Youth Engagement**

**Policy Advocacy**

**Training & Technical Support**

**Leadership Development**

**Experiential Camps**

Across youth-serving systems including:

Housing

Child Welfare

Education

Justice

Health

Victim Services

Workforce

Focused on four priority areas:

**1. Equity and Inclusion**

**2. Youth Voice**

**3. Research and Data**

**4. Cross-Systems Collaboration**

In service of our vision that all youth and young adults in Texas are valued, their strengths are recognized, their voices are heard and respected, and they have access to the resources, opportunities, and support they need to meet their goals.
