TNOYS Conference on
Services to Youth and Families
Houston, Texas | May 23-26, 2022

#TNOYS2022

WELCOME!

TNOYS' 39TH ANNUAL CONFERENCE ON SERVICES TO YOUTH AND FAMILIES

This year, for our 39th Annual Conference, we encourage you to “Rise to Your Potential.” We are thrilled to collaborate and connect in person after pivoting to a completely virtual conference over the last two years. The many challenges and opportunities of the past two years have demonstrated that when we challenge perceptions and the status quo, we can take our strengths and all youth-serving systems to greater heights. Young people, providers, and communities have demonstrated tremendous resilience throughout the past two years of a global pandemic—all while facing devastating challenges like the ongoing capacity crisis. We recognize that providers and youth alike have been stretched thin trying to do more with less, yet TNOYS members have stepped up to find new ways to achieve their goals, make the most with what they have, and work together to meet their collective needs. We hope that we can come together within a supportive community to inspire and learn from each other, and build the future of youth and family services in Texas.

Now more than ever, we're proud to represent a strong community of youth-serving providers working across systems and in every Texas region. As we welcome more providers to our network, TNOYS strives to help the youth-services community center the voices of youth and young adults with lived experience—especially those within the BIPOC and LGBTQIA+ communities who are overrepresented in Texas systems. Through authentic partnership with the communities, families, and young people they serve, TNOYS lays the foundation for providers to rise to their collective potential. TNOYS applauds each and every one of you for your resilience, your perseverance, and your creativity to overcome the repeated hurdles placed in your paths and make progress toward our vision of a Texas where all youth and young adults are valued, their strengths are recognized, their voices are heard and respected, and they have access to the resources, opportunities, and support they need to meet their goals.

After nearly 40 years, TNOYS continues to be at the cutting edge of the youth services field. This year's conference agenda includes opportunities to learn from and alongside young people with lived experience, with time set aside for specialized training, experiential learning, networking, and reflection. We hope you take advantage of this opportunity to reflect, ground, and have fun while you learn from and collaborate with our diverse group of participants.

True to TNOYS' mission and to the missions of our member organizations, our focus continues to be on ensuring the most vulnerable but resilient Texas youth and families have opportunities to succeed. If your organization is not yet a TNOYS member, we encourage you to join this week.

Thank you for choosing to spend your week with us.

Sincerely,
Fedora Galasso
TNOYS Chief Executive Officer
