

#TNOYSTownHall:

*Improving Health Outcomes for Systems-Involved Youth and Young Adults
Tuesday, June 21, from 4-5 p.m.*

Join TNOYS for a digital town hall that will explore health care access for systems-involved youth and young adults. We'll discuss typical health and behavioral health needs that are common among systems-involved youth and young adults, barriers to access, and best practices to ensure youth and young adults have their health needs met.

Questions:

4:02	Q1: What are typical physical and mental health challenges that systems-involved and other underserved youth and young adults face? How does trauma specifically impact their health? #TNOYSTownHall
4:08	Q2: Systems-involved youth and young adults and those at risk of systems-involvement often face barriers when trying to address their health needs. What can this look like? #TNOYSTownHall
4:14	Q3: June is Pride Month. What are disparities that LGBTQ+ youth and young adults face when it comes to health access? #TNOYSTownHall #Pride2022
4:20	Q4: What does sexual health education and access to services look like for youth and young adults in Texas, especially those who need preventive services, are systems-involved, and/or are pregnant and/or parenting? #TNOYSTownHall
4:26	Q5: How can addressing the health needs of youth, young adults and their families help prevent systems-involvement? #TNOYSTownHall
4:34	Q6: What are common barriers to health access that youth and young adults face as they transition out of systems and into adulthood? #TNOYSTownHall
4:40	Q7: What can the state of Texas do to support systems-involved, underserved, and BIPOC youth and young adults when it comes to their health needs? #TNOYSTownHall #txlege
4:48	Q8: How can youth-serving providers help support the youth they work with in regards to their health needs? What resources are available? What resources should be provided? #TNOYSTownHall
